LEAN SIX SIGMA GREEN BELT CERTIFICATION

TRAINING COMPLETION CERTIFICATE

1. **Attend Training:** Complete the Lean Six Sigma Green Belt training program provided by SSCX.
2. **Pass the Final Exam:** Achieve a passing score of at least 70% on the final exam.
3. **Receive Training Completion Certificate:** After passing the exam, you will receive the "Certificate of Completion for Lean Six Sigma Green Belt Training" issued by SSCX.

CERTIFIED SIX SIGMA GREEN BELT HOLDER (CSSGB)

1. **Complete a Six Sigma Project:** Participants must complete a practical Lean Six Sigma project as Project Leader. The project report must be approved and signed by the Project Sponsor.
2. **Submit Your Project Report:** Upon completion of the project, participants should submit the project report to SSCX via email at info@sscx.asia and cc hanif@sscx.asia. Ensure the report is approved and signed by your Project Sponsor.
 - **Deadline:** Project reports must be submitted within 1 year of completing the training.
3. **Evaluation and Validation:** SSCX will evaluate and validate the project to ensure it aligns with Lean Six Sigma principles and demonstrates measurable impact.
4. **Receive Green Belt Holder Certification:** Upon successful validation of the project, you will be awarded the **Certified Six Sigma Green Belt Holder (CSSGB)** certification.
5. **No Additional Fees:** This certification is provided for free with no extra cost.
